

A decorative border with a repeating floral pattern surrounds the text. The pattern consists of small, stylized flowers arranged in a grid-like fashion along the edges of the page.

I amborn on 1993, my father passed away and my mother got married to my uncle and got 3 children.

One of my uncle's friends suggested that I go to the Girls house to be near my school , I was happy and afraid at the same time, I was happy to be able to study but afraid to don't have anybody to take care of me .

I like the house too much; we have here all what we can not have at home, fridge, internet, private beds, restrooms and bathrooms

To be at the girl's house is a big chance and I would like to work more so as that Mrs latifa and Mrs ALima will be proud of me.

I thank the house too much, thank the association and thank all who helped us.

Thank you so much
